

What **if**...

your farm duty motor  
worked as hard as you do?

## Don't let a motor decide when your day ends.

LEESON<sup>®</sup> Farm/Ag motors are designed for one thing—work. Specifically, to handle high-starting loads and severe-duty applications of the agricultural industry. For more than 40 years, we have listened to user feedback to help engineer motor solutions that work just as you expect. The result is the development of specialty OEM motor designs, stock replacement motors as well as new equipment solutions.

LEESON Farm/Ag motors—just like you, they're not afraid of work.

Find out more about which LEESON motors are right for your applications, online at:
